Instructions for Brushing your teeth

Record yourself telling someone in your house how to brush their teeth, remember to think of as many steps as you can remember and also think about the order of your instructions.

We will do some learning next week all about instructions, then we will have another go at giving instructions to see if you explain your instructions any differently.

MATHS

To develop understanding of halves and quarters of quantities

1. Follow the Oak Academy video.
2. Find the resources on the powerpoint.
3. Either use the worksheet or a physical object.
