

Eco Council

Nourish Flourish

Friday 18th November.

ECO COUNCIL:

We would like to be responsible for litter picking.

We would like to recycle in our school.

As a class, please discuss what we need to do to make this happen?

FLOURISH and NOURISH:

We would like to make sure our class know that we are a HEALTHY SCHOOL

Only fruit and veg as snacks.

Water in water bottles

We would like to learn about what makes a healthy packed lunch.

Do we all understand this? How do we make sure everyone in our school has a healthy diet?
