

All Saints Stibbard Pupil Parliament

3.11.22

We discussed the role of a pupil parliament member:

We are the voice for our class! We listen to others in our class and bring their opinions to meetings.

Our discussions so far:

Problem:	Possible reasons?	Possible solutions:	Possible problems:
Noise in the lunch hall	<p>Year groups sit together and the older children shout and bang on the tables.</p> <p>Food can be thrown.</p> <p>Some children are rude and dangerous.</p>	<p>We think we should:</p> <p>1) have four big tables and sit with our house team (like in Harry Potter!)</p> <p>2) Split the sittings so reception, 2, 4, 6 go in together and 1, 3, 5 go in together.</p> <p>We would need to have a two week rolling programme of who goes first.</p> <p>OR 3) We stay as we are but KS2 learn to be quieter??</p> <p>Which option do you prefer?</p>	<p>People are not kind and respectful to others.</p> <p>Younger children are hungry by 12.30</p>
Behaviour in the lunch hall when people have finished eating	<p>People are bored and there is nothing to do.</p>	<p>Children can leave after 15 minutes.</p>	<p>People disrespect the equipment</p> <p>People rush their lunch in order to get outside.</p>
Behaviour at lunchtime outside	<p>Sometimes people can play a little rough and people can get hurt.</p> <p>Football can cause problems.</p>	<p>What equipment do we want outside?</p>	<p>People disrespect the equipment or each other.</p> <p>We need to be careful not to use the equipment we need for PE.</p>

Meeting:

Y3, 4, 5 and 6. KS1 were on a trip.

We discussed previous actions and agreed:

As of Monday 21st November.

Only Y5 and 6 had discussed this in class.

Please allow time for your Pupil Parliament to happen.

Behaviour inside:

Children decided they did not want to sit in house teams, however, they would like to sit in mixed age groups. We all decided that reception would go in first to every sitting.

The children would like to choose where they sit rather than in their year groups.

Children also adamant that they would like to switch year groups so they always get to sit with different people. Victoria McConnell to timetable this and share next week.

Children think the noise levels are better since we have been allowed to go out after 15 minutes.

Behaviour outside:

What we would love:

Tennis balls and rackets, soft balls, footballs, rugby balls, volley balls. Swings and slide. Basket ball hoop.

Outside lego.

Den building and lose parents play. Tyres? Tyres in the ground.

Option to go inside at lunch. (The cocoon is now open for inside games and colouring.)

Shed (with sofa and activities – books and board games.) Y6 have identified there will need to be monitors for this. Could there also please be a jar with different activities and games in it? Children also identified that the shed may need a rota like the climbing frame.

Giant Jenga. Giant connect 4.

Skipping ropes.

Dressing up.

Outside chalk.

Hot tub!!! Zip wire!!!

Y6 have requested that all teachers should do an embarrassing dance for Christmas and Easter.

Children then spoke freely about what they would like:

Pupil Parliament spoke very fondly of Enrichment. The children also told me they would really like to do plays/shows. They said it was only infants who get the chance to do this – for the nativity.

They would also like to have parent cafes to show off their work to their parents.
